

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kurt Weiss
DOCKET NO.: 22-53685.001-R-1
PARCEL NO.: 04-36-403-066-0000

The parties of record before the Property Tax Appeal Board are Kurt Weiss, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,227
IMPR.: \$107,772
TOTAL: \$126,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two -story dwelling of frame and masonry construction with 3,516 square feet of living area. Features of the home include a full basement, central air conditioning, two fireplaces and a three-car garage. The property has a 12,017 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five class 2-78 equity comparable properties with varying degrees of similarities to the subject which are located within the same neighborhood code as the subject but for which the appellant did not provide proximity to the subject. The improvements ranged: in age from 25 to 62 years; in size from 3,401 to 3,650 square feet of living area; and in improvement assessment from \$24.27 to \$26.69 per square foot

of living area. The appellant submits that this is an owner-occupied residence. Appellant submitted the Cook County Board of Review 2022 Assessed Valuations decision which indicates that the total assessment for the subject property is \$126,999. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,000. The Board finds that the total assessment for the subject property is \$126,999 based on the submission by the appellant. The subject property has an improvement assessment of \$107,772 or \$30.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-78 equity comparable properties with varying degrees of similarities to the subject which are located within the same subarea as the subject with one on the same block. The improvements ranged: in age from 10 to 22 years; in size from 3,688 to 3,786 square feet of living area; and in improvement assessment from \$31.52 to \$35.06 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #3, #4, and #5 and board of review's comparables #1, #2, #3, and #4. Appellant's comparables were similar to the subject in size and central air conditioning. Four of the comparables had a full basement like the subject while one had a slab foundation. Two of the comparables had two fireplaces like the subject while the other three had one fireplace. The comparables had either two-car or 2.5-car garages while the subject had a three-car garage. Board of review's comparables were similar to the subject in size, full basement, and central air conditioning. One of these comparables had a three-car garage while the others had a two-car garage like the subject. Three of the comparables had two fireplaces like the subject while the other comparable had three fireplaces. These comparable properties were similar to the subject and had improvement assessments that ranged from \$24.27 to \$35.06 per square foot of living area. The subject's improvement assessment of \$30.65 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing

evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
