

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Niego-McNamara
DOCKET NO.: 22-53718.001-R-1
PARCEL NO.: 19-18-422-067-0000

The parties of record before the Property Tax Appeal Board are Mary Niego-McNamara, the appellant, by Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,566
IMPR.: \$28,796
TOTAL: \$33,362

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,682 square feet of building area. The building is approximately 42 years old. Features include a basement finished with an apartment and 3 full and 2 half bathrooms. The property has a 3,653 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparables located within the same assessment neighborhood as the subject and within .95 of a mile from the subject. The comparables consist of class 2-11 3-story multi-family buildings of masonry exterior construction with 6,075 square feet of building area and are 47 years old. Each

comparable has a concrete slab foundation, 6 full bathrooms, and central air conditioning. The comparables have improvement assessments of \$32,420 or \$5.34 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$19,662 or \$5.34 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,362.¹ The subject property has an improvement assessment of \$28,796 or \$7.82 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject. Three comparables are also located on the same block and street as the subject. The comparables consist of class 2-11 2-story multi-family buildings of masonry exterior construction ranging in size from 3,528 to 3,808 square feet of building area. The comparables are 41 or 42 years old. Each comparable has a basement with an apartment and 3 full bathrooms, with three buildings also having 2 half bathrooms. Two comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$29,281 to \$33,434 or from \$7.95 to \$9.27 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in location, design, bathroom count, building size and foundation type than the board of review comparables.

The Board finds the best evidence of assessment equity to be the board of review comparables that are nearly identical to the subject in property characteristics. The board of review comparables have improvement assessments of \$29,281 to \$33,434 or from \$7.95 to \$9.27 per square foot of building area. The subject's improvement assessment of \$28,796 or \$7.82 per square foot of building area falls below the improvement assessments of the best comparables in the record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The appellant provided a copy of the Cook County Board of Review final decision for tax year 2022 disclosing the subject has a total assessment of \$33,362.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
