

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sagar Varanasi
DOCKET NO.: 22-53740.001-R-1
PARCEL NO.: 04-08-417-022-0000

The parties of record before the Property Tax Appeal Board are Sagar Varanasi, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,706
IMPR.: \$43,576
TOTAL: \$61,282

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction containing 2,758 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a partial basement, central air conditioning and a 2-car garage. The property has an approximately 11,804 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables that are located in the same assessment neighborhood code as the subject and from .72 of a mile to 1.39 miles from the subject property. The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior construction that range in size from 2,784 to 3,088 square feet of living area. The dwellings range in age from 46 to 59 years old. Five comparables each have either a partial or a full basement and one comparable has a slab

foundation. Each comparable has from a 2-car to a 3-car garage. Five comparables each have central air conditioning and five comparables each have one fireplace. The comparables have improvement assessments that range from \$27,500 to \$32,170 or from \$9.69 to \$10.64 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,297 or \$10.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,282. The subject property has an improvement assessment of \$43,576 or \$15.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located in the same assessment neighborhood code as the subject and on the same block, .25 of a mile or subarea to the subject property.¹ The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior construction that range in size from 2,592 to 3,036 square feet of living area. The dwellings range in age from 52 to 58 years old. Each comparable has a partial or a full basement, central air conditioning, one fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$36,950 to \$55,030 or from \$12.87 to \$19.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparable #1 through #5 due to their distances of over one mile away from the subject property. The Board has given less weight to appellant's comparable #6 as well as board of review comparable #6 due to their differences from the subject in dwelling size and/or lack of central air conditioning. The Board has given reduced weight to board of review comparable #8 due to no proximity to the subject was provided and was described only as located in the subject's subarea.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #5 and #7. The Board finds that these comparables are most similar to the subject in age, location, dwelling size and some features. These most similar comparables have improvement assessments ranging from \$41,522 to \$55,030 or from \$16.24 to \$19.80 per square foot of living area. The subject's improvement assessment of \$43,576 or \$15.80 per square foot of living area, falls

¹ The board of review gave evidence on eight comparables on two grids. The comparables have been renumbered as comparables #1 through #8.

within the range of the best comparables in this record on an overall total improvement assessment basis but below the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
