

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Barrins
DOCKET NO.: 22-54281.001-R-1
PARCEL NO.: 04-13-400-034-0000

The parties of record before the Property Tax Appeal Board are Daniel Barrins, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,461
IMPR.: \$171,539
TOTAL: \$230,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160), challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-year-old, two-story property with stucco construction. Features of the home include a fireplace and heat. The property has a 41,758-square-foot site with 4,032 square feet of living area and is located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends that assessment inequity as the basis of the appeal. In support of the inequity argument, the appellant's petition lists five equity comparables. These properties are described as two-story dwellings with either frame or masonry construction. They range in age from 16 to 23 years old, contain between 3,912 and 4,418 square feet of living area, and have an improvement assessment of \$22.45 to \$26.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal," disclosing the subject's assessment of \$230,000 with an improvement assessment of \$171,539 or \$42.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables. These properties are described as two-story dwellings of either frame and masonry or frame construction. They range in age from 2 to 7 years old; contain between 4,349 and 4,790 square feet of living area; and have an improvement assessment of \$40.23 to \$46.57 per square foot of living area.

The matter was set for a hearing before an Administrative Law Judge on August 18, 2025. On August 18, 2025, however, the parties entered into a written agreement to waive the hearing and have the matter decided on the evidence that had been submitted.

Conclusion of Law

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3, and #4, and the board of review's comparables #1, #2, and #3. These comparables ranged in improvement assessment from \$22.45 to \$46.57 per square foot of living area. The subject's improvement assessment of \$42.54 per square foot of living area falls within the range established by the best comparables in this record. These comparables were selected due to similarities in living area square footage, age, and/or location. The Board finds that the appellant did not demonstrate by clear and convincing evidence that the subject was inequitably assessed and, therefore, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
