

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: KATARZYNA CHLEBEK
DOCKET NO.: 22-54402.001-R-1
PARCEL NO.: 17-34-328-014-0000

The parties of record before the Property Tax Appeal Board are KATARZYNA CHLEBEK, the appellant(s), by attorney John W. Zapala, of the Law Offices of John Zapala, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,392
IMPR.: \$1,358
TOTAL: \$8,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an old-style rowhouse dwelling with 960 square feet of living area of masonry construction. The dwelling was 74 years old. Features of the home include a full basement. The property has a 2,112 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment in equity as the basis of the appeal. In support of the argument of overvaluation the appellant submitted information on five comparable sales properties which sold from July 2021 to November 2022 for sales prices from \$59,000 to \$92,000 or from \$61.46 to \$102.78 per square foot of living area, land included in the sales prices. These properties were located within a 125-foot radius of the subject. The improvements were 77 or 78 years old and had 827 or 960 square feet of living area.

In support of the argument of assessment inequity the appellant submitted information on four class 2-10 equity comparable properties with varying degrees of similarity to the subject which are located within a 255-foot radius of the subject. The improvements were 74 years old, had 1,024 or 1,428 square feet of living area, and had improvement assessments from \$4.29 to \$4.64 per square foot of living area. Based on this evidence the appellant is seeking a reduction in the subject's assessment. The appellant disclosed that this is not an owner-occupied residence.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,060. The subject's assessment reflects a market value of \$120,600 or \$125.63 per square foot of living area, including land, when applying the level of assessment for class two property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales properties which sold from February 2020 to November 2022 for sales prices from \$230,000 to \$355,000 or from \$152.72 to \$241.17 per square foot of living area, land included in the sales prices. These properties were located within a ¼-mile radius of the subject. The improvements were 77 or 133 years old and had from 1,468 to 1,506 square feet of living area.

In support of the correct assessment based on equity the board of review submitted four class 2-10 equity comparable properties, including the three listed above, with varying degrees of similarity to the subject which are located within a ¼-mile radius of the subject. The improvements were 77 or 133 years old, had from 959 to 1,506 square feet of living area, and had improvement assessments from \$7.17 to \$12.22 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

This matter was scheduled to proceed to hearing. Prior to the hearing, the parties submitted a written request to waive the hearing and have the matter decided based on the evidence previously submitted. The administrative law judge granted the parties' request.

Conclusion of Law

The appellant contends, in part, that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #1 through #5. These comparables sold for prices ranging from \$61.46 to \$102.78 per square foot of living area, including land. The subject's assessment reflects a market value of \$125.63 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified. After this reduction the Board finds that the subject property is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
