

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Reinhard Sander
DOCKET NO.: 22-54456.001-R-1
PARCEL NO.: 04-21-316-006-0000

The parties of record before the Property Tax Appeal Board are Reinhard Sander, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,511
IMPR.: \$67,926
TOTAL: \$82,437

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,940 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 3-car garage. The property has a 10,365 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity with respect to the improvement as the basis of the appeal. In support of the improvement assessment inequity argument, the appellant submitted information on five comparables located within the same assessment neighborhood code as the subject. The comparables consist of 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,000 to 4,611 square feet of living

area. The dwellings are 32 to 50 years old. The comparables have full basements, 1 or 2 fireplaces and a 3-car garage. Four comparables have central air conditioning. The comparables have improvement assessments ranging from \$56,000 to \$62,216 or from \$12.98 to \$14.08 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$53,623 or \$13.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,437. The subject property has an improvement assessment of \$67,926 or \$17.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject, with three comparables located within approximately ¼ of a mile from the subject. The comparables consist of 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,982 to 4,763 square feet of living area. The dwellings are 19 to 34 years old. The comparables have full basements, central air conditioning, a fireplace and a 3-car garage. The comparables have improvement assessments ranging from \$80,651 to \$89,449 or from \$18.78 to \$20.25 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3 as well as the board of review comparables #1, #2 and #3 which are considerably less similar to the subject in age and/or dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables that have the same assessment neighborhood and classification codes as the subject and are overall more similar to the subject in age, dwelling size, and most features. These three comparables have improvement assessments ranging from \$56,322 to \$81,332 or from \$13.83 to \$19.70 per square foot of living area. The subject's improvement assessment of \$67,926 or \$17.24 falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
