

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Craddock
DOCKET NO.: 22-54506.001-R-1
PARCEL NO.: 04-25-111-027-0000

The parties of record before the Property Tax Appeal Board are Thomas Craddock, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,201
IMPR.: \$84,949
TOTAL: \$98,150

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,363 square feet of living area. The dwelling is approximately 75 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 3-car garage. The property has an approximately 13,201 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and in a different section of the township than the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame, stucco or frame and masonry exterior construction ranging

in size from 3,060 to 3,621 square feet of living area. The homes range in age from 66 to 161 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$43,796 to \$66,527 or from \$14.31 to \$18.37 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$55,220 or \$16.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,150. The subject property has an improvement assessment of \$84,949 or \$25.26 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and also located in the same township section as the subject. The comparables are improved with 2-story class 2-06 dwellings of stucco or frame and masonry exterior construction ranging in size from 3,066 to 4,968 square feet of living area. The homes range in age from 71 to 80 years old. Each comparable has a basement, one of which has finished area. Each dwelling has central air conditioning, one or two fireplaces and from a 2-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$79,898 to \$127,727 or from \$25.54 to \$27.36 per square foot of living area.

The board of review grid analysis also disclosed the subject sold on November 4, 2020 for a price of \$970,000. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to each of the appellant's comparables which are located less proximate to the subject than other properties in the record and/or differ from the subject in age. The Board also gives less weight to board of review comparables #2 and #4 which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are more similar to the subject in location, age, design, dwelling size and most features. These two comparables have improvement assessments of \$79,898 to \$99,928 or \$25.54 and \$26.06 per square foot of living area. The subject's improvement assessment of \$84,949 or \$25.26 per square foot of living area is bracketed by the two best comparables in this record on an overall improvement assessment basis and below the two best comparables on a per

square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
