

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amelia & Gordon Beckman  
DOCKET NO.: 22-54602.001-R-1  
PARCEL NO.: 17-32-216-015-0000

The parties of record before the Property Tax Appeal Board are Amelia & Gordon Beckman, the appellants, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,400  
**IMPR.:** \$58,873  
**TOTAL:** \$71,273

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,434 square feet of living area. The dwelling is approximately 4 years old. The home features a full basement that is finished with a formal recreation room, 4½ bathrooms, central air conditioning, a fireplace and a two-car garage. The property has a 3,100 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located from .5 to .9 of a mile from the subject property. The comparables are improved with two-story dwellings of masonry exterior construction

ranging in size from 2,206 to 2,440 square feet of living area. The dwellings are 5 or 8 years old. The comparables each have a full basement that is finished with a recreation room, 2½ or 3½ bathrooms, central air conditioning and a two-car garage. Comparable #2 has a fireplace. The comparables have improvement assessments that range from \$37,502 to \$45,179 or from \$16.27 to \$18.94 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$41,378 or \$17.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,273. The subject property has an improvement assessment of \$58,873 or \$24.19 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block as the subject, three of which are also along the same street as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 2,262 to 2,450 square feet of living area. The dwellings are from 2 to 4 years old. The comparables each have a full basement that is finished with a formal recreation room, 3½ or 4½ bathrooms, central air conditioning and a two-car garage. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$58,903 to \$68,600 or from \$24.20 to \$28.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellants' comparables and board of review comparable #4 which are less similar to the subject in location, age and/or bathroom count.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3, which have the same assessment neighborhood code and property classification code as the subjects. These three comparables are located on within the same block as the subject property, two of which are also along the same street as the subject. The comparables are similar, if not identical, to the subject dwelling in size, design, age and some features. The comparables have improvement assessments that range from \$58,903 to \$68,600 or \$24.20 and \$28.18 per square foot of living area. The subject's improvement assessment of \$58,873 or \$24.19 per square foot of living area falls slightly below the range established by the best

comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
