

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Virgil L. Williams
DOCKET NO.: 22-54611.001-R-1
PARCEL NO.: 14-33-102-027-0000

The parties of record before the Property Tax Appeal Board are Virgil L. Williams, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,500
IMPR.: \$96,403
TOTAL: \$136,903

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of frame exterior construction with 4,595 square feet of gross building area. The building is approximately 133 years old. Features include a full basement and a 2.5-car garage. The property has a 3,240 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood code and from 0.8 of mile to 1.1 miles from the subject property. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,599 to 9,008 square feet of gross building area. The buildings range in age from 120 to 133 years old. Each

comparable has a full basement and a 3-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$91,567 to \$163,946 or from \$18.20 to \$19.91 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,903. The subject property has an improvement assessment of \$96,403 or \$20.98 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood code and on the same tax block or ¼ of a mile from the subject. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,209 to 7,002 square feet of gross building area. The buildings range in age from 98 to 133 years old. Each comparable has a full basement. Two comparables each have central air conditioning and three fireplaces. Three comparables each have from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$94,524 to \$151,593 or from \$21.40 to \$25.00 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located less proximate to the subject than the board of review comparables and/or differ substantially from the subject in gross building size. The Board also gives less weight to board of review comparables #1 and #2 differ substantially from the subject in age or dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables #3 and #4 which are more similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments of \$94,524 and \$105,225 or \$21.40 and \$25.00 per square foot of gross building area. The subject's improvement assessment of \$96,403 or \$20.98 per square foot of gross building area is bracketed by the two best comparables in this record on an overall improvement assessment basis and below them on a per square foot basis. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
