

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Hasmonek
DOCKET NO.: 22-54954.001-R-1
PARCEL NO.: 04-09-110-025-0000

The parties of record before the Property Tax Appeal Board are John Hasmonek, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,081
IMPR.: \$67,729
TOTAL: \$85,810

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,695 square feet of living area. The dwelling is 58 years old. Features of the home include a partial basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 12,054 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within .59 of a mile of

the subject. The comparables consist of 2-story class 2-78 dwellings of frame and masonry exterior construction ranging in size from 3,031 to 3,365 square feet of living area. The homes range in age from 46 to 61 years old. Each dwelling has central air conditioning, one or two fireplaces, a full or partial basement, and a 1-car or 2-car garage. The comparables have improvement assessments ranging from \$46,086 to \$58,066 or from \$15.01 to \$17.64 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$59,933 or \$16.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$85,810. The subject property has an improvement assessment of \$67,729 or \$18.33 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of 2-story class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 3,048 to 3,772 square feet of living area. The homes range from 56 to 58 years old. Each dwelling has central air conditioning, a fireplace, a full or partial basement with two having finished area, and a 2-car garage. Two comparables are reported to have "other improvements," which were not further identified. The comparables have improvement assessments ranging from \$60,686 to \$79,400 or from \$18.90 to \$21.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, and #3, as well as board of review comparable #2, which differ from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and #5 along with board of review comparables #1, #3, and #4, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$55,813 to \$79,400 or from \$16.59 to \$21.16 per square foot of living area. The subject's improvement assessment of \$67,730 or \$18.33 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
