

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC Turnkey Properties
DOCKET NO.: 22-55308.001-R-1
PARCEL NO.: 20-32-401-002-0000

The parties of record before the Property Tax Appeal Board are ABC Turnkey Properties, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,438
IMPR.: \$13,563
TOTAL: \$16,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,690 square feet of living area.¹ The dwelling is approximately 97 years old. Features of the home include a full basement, one fireplace, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property and from 0.8 of a mile to 1.2 miles from the subject. The comparables are improved with 1.5-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,660 to 1,779 square

¹ The board of review indicated the subject had other improvements but did not disclose the improvements.

feet of living area. The dwellings range in age from 98 to 107 years old. Each comparable has a full basement and a 2-car garage. One comparable has a fireplace. The appellant did not disclose whether the comparables have finished or unfinished basement area. The comparables have improvement assessments ranging from \$4,250 to \$7,199 or from \$2.52 to \$4.34 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$4,293 or \$2.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,001. The subject property has an improvement assessment of \$13,563 or \$8.03 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 1.5-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,325 to 1,420 square feet of living area. The dwellings range in range from 93 to 98 years old. Each comparable has a full basement with finished area and a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$12,400 to \$16,156 or from \$9.36 to \$11.38 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables which are located in the same section/subarea, unlike the appellant's comparables. These three comparables are more similar to the subject in location, design, and age with varying degrees of similarity in dwelling size, basement finish, and other features. Each of these comparables is a substantially smaller home than the subject and have basement finish, suggesting appropriate adjustments would be necessary to make them more equivalent to the subject. The best comparables have improvement assessments ranging from \$12,400 to \$16,156 or from \$9.36 to \$11.38 per square foot of living area. The subject property's improvement assessment of \$13,563 or \$8.03 per square foot of building area falls within the range established by the best comparables in this record on an overall basis and below on a per square foot basis. The Board gives less weight to the appellant's comparables due to substantial differences in location when compared to the subject. After considering the various adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
