

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Kushabi
DOCKET NO.: 22-55840.001-R-1
PARCEL NO.: 04-35-204-011-0000

The parties of record before the Property Tax Appeal Board are Adam Kushabi, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,200
IMPR.: \$18,000
TOTAL: \$31,200

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,571 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a slab foundation, a fireplace, and a 1-car garage. The property has a 8,250 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located from 0.21 of a mile to 1.39 miles from the subject. The comparables are improved with 1-story homes ranging in size from 1,644 to 1,679 square feet of living area. The dwellings range in age from 71 to 76 years old. One home has a basement, two homes have a

crawl space foundation, and two homes have a slab foundation. One comparable has a 1-car garage. The comparables have improvement assessments ranging from \$14,000 to \$18,063 or from \$8.34 to \$10.82 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,506.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,000. The subject property has an improvement assessment of \$26,800 or \$17.06 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, one of which is on the same block, one of which is 0.25 of a mile, and two of which are within the same subarea as the subject. The comparables are improved with 1-story homes with 1,276 or 1,796 square feet of living area that range in age from 69 to 87 years old. Two homes have a basement, one home has a crawl space foundation, and one home has a slab foundation. Two homes have central air conditioning and each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$24,866 to \$47,022 or from \$19.25 to \$36.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3, which are located more than one mile from the subject, the board of review's comparables due to substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and #5, which are more similar to the subject in location, dwelling size, age, and some features, although these comparables lack a garage that is a feature of the subject and one comparable has a basement unlike the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments of \$18,063 or \$10.82 per square foot of living area. The subject's improvement assessment of \$26,800 or \$17.06 per square foot of living area falls above the two best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
