

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Botvinnik
DOCKET NO.: 22-55882.001-R-1
PARCEL NO.: 04-30-407-092-0000

The parties of record before the Property Tax Appeal Board are Alex Botvinnik, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,002
IMPR.: \$30,374
TOTAL: \$52,376

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,145 square feet of living area. The dwelling is 56 years old. Features of the home include a basement, a fireplace and a 2-car garage. The property has a 26,100 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.28 of a mile from the subject. The comparables consist of class 2-04, 1-story dwellings of frame and masonry exterior construction ranging in size from 1,806 to 1,926 square feet of living area. The homes are 66 to 68 years old. Each comparable has a slab or a crawl space foundation, central air conditioning

and 1 or 2 fireplaces. One comparable has a 1-car garage. The comparables have improvement assessments of \$17,978 and \$18,978 or from \$9.50 to \$9.95 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject property of \$52,376. The subject property has an improvement assessment of \$30,374 or \$14.16 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three comparables located within the same assessment neighborhood and the same block or and/or subarea as the subject. The comparables consist of class 2-04, 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,939 to 2,827 square feet of living area. The homes are 1 to 62 years old. One comparable has a basement with finished area, and two comparables have a slab or a crawl space foundation. Two comparables each have central air conditioning and a fireplace, and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$33,639 to \$54,505 or from \$15.21 to \$19.58 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. Seven of the comparables lack a basement foundation, which is a feature of the subject. The Board gives less weight to the appellant's comparables as well as the board of review comparable #2 which considerably differ from the subject in age, dwelling size, and/or lack a garage amenity, which is a feature of the subject property.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #3 which are overall most similar to the subject in location, design, age, and dwelling size and/or some features. However, the board of review comparable #1 has central air conditioning and board of review comparable #3 lacks a basement foundation, unlike the subject dwelling, suggesting adjustments would be appropriate for these differences to make them more equivalent to the subject. These two comparables have improvement assessments of \$33,639 and \$37,973 or \$15.21 and \$19.58 per square foot of living area. The subject's improvement assessment of \$30,374 or \$14.16 per square foot of living area falls below the two most similar comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
