

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marjorie Poulos  
DOCKET NO.: 22-56102.001-R-1  
PARCEL NO.: 14-33-400-044-0000

The parties of record before the Property Tax Appeal Board are Marjorie Poulos, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,500  
**IMPR.:** \$110,730  
**TOTAL:** \$145,230

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.<sup>1</sup>

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,691 square feet of living area. The dwelling is approximately 143 years old. Features of the home include a full basement and a fireplace. The property has a 2,760 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within .49 of a mile of the subject. The comparables consist of 2-story or 3-story class 2-06 dwellings of masonry

exterior construction ranging in size from 3,068 to 4,254 square feet of living area. The homes range in age from 127 to 141 years old. Each dwelling has one or two fireplaces. Four comparables have central air conditioning, four comparables each have a full or partial basement, one comparable has a concrete slab foundation, and three comparables each have a 1-car or 2-car garage. The comparables have improvement assessments ranging from \$82,369 to \$117,953 or from \$22.23 to \$31.10 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$98,402 or \$26.66 per square foot of living area.

The Board takes judicial notice that this property was the subject matter of an appeal before the Property Tax Appeal Board the prior year under Docket Number 21-53155.001-R-1 where the appellant was the same and the property was also reported to be owner-occupied as it is in this 2022 appeal. In the 2021 appeal, the Property Tax Appeal Board issued a decision lowering the assessment of the subject property to \$145,230 based on the evidence submitted by the parties.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$174,499. The subject property has an improvement assessment of \$139,999 or \$37.93 per square foot of living area. The board of review also indicated that 2021 was the first year of the general assessment cycle and no equalization factor was applied in North Chicago Township in 2022.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and located .25 of a mile from the subject. The comparables consist of 2-story or 3-story class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,469 to 4,257 square feet of living area. The homes range from 128 to 133 years old. Each dwelling has central air conditioning, one or two fireplaces, a full or partial basement with finished area, and 2.5-car or 3-car garage. The comparables have improvement assessments ranging from \$157,770 to \$234,437 or from \$45.48 to \$57.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b).

The Board finds, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) a reduction in the subject's assessment is warranted. In pertinent part, section 16-185 of the Property Tax Code provides:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such

reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds that the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2021 tax year under Docket No. 21-53155.001-R-1 in which a decision was issued based upon the evidence presented by the parties reducing the subject's assessment to \$145,230. The record indicates that the subject property is an owner-occupied dwelling. The Board also finds that the 2021 and 2022 tax years are within the same general assessment period and no equalization factor was applied in North Chicago Township in 2022. Furthermore, the decision of the Property Tax Appeal Board for the 2021 tax year has not yet been reversed or modified upon review and there was no evidence the subject property recently sold as of the January 1, 2022 assessment date in order to establish a different fair cash value. Therefore, applying section 16-185 of the Property Tax Code would result in a reduced total assessment of \$145,230.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
