

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Goodworth  
DOCKET NO.: 22-56190.001-R-1  
PARCEL NO.: 04-25-115-033-0000

The parties of record before the Property Tax Appeal Board are Paul Goodworth, the appellant, by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,145  
**IMPR.:** \$50,855  
**TOTAL:** \$66,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling<sup>1</sup> of frame and masonry exterior construction with 2,416 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 2-car garage. The property has a 15,145 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$660,000

as of January 1, 2022. The appraisal was prepared by Gary Wydra, a certified residential real estate appraiser, to determine market value as of January 1, 2022.

Under the sales comparison approach, the appraiser selected three comparable sales located in Glenview from 0.39 of a mile to 1.24 miles from the subject. The parcels range in size from 7,735 to 14,630 square feet of land area and are improved with 1.5-story homes of brick or brick and frame exterior construction ranging in size from 2,074 to 2,558 square feet of living area. The dwellings range in age from 72 to 85 years old. Each home has a basement, two of which have finished area, central air conditioning, and a 1-car or a 2-car garage. Two homes have one or three fireplaces. The comparables sold from September 2020 to November 2021 for prices ranging from \$650,000 to \$665,000 or from \$259.97 to \$313.40 per square foot of living area, including land. The appraiser adjusted comparable #1 for sale or financing concessions and then adjusted the comparables for differences from the subject to arrive at adjusted prices from \$654,505 to \$672,600. The appraiser concluded a value for the subject of \$660,000 as of January 1, 2022.

Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the appraised value conclusion.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,000. The subject's assessment reflects a market value of \$790,000 or \$326.99 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on one comparable sale<sup>2</sup> located in Northbrook and within the same assessment neighborhood code as the subject. This comparable has a 2,703 square foot site that is improved with a 2-story, class 2-78 home of masonry exterior construction with 3,043 square feet of living area. The home is 23 years old and features a basement, central air conditioning, a fireplace, and a 2-car garage. This property sold in July 2022 for a price of \$1,100,000 or \$361.49 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant argued the appraisal is the best evidence of the subject's market value compared to the unadjusted raw sales data presented by the board of review.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

---

<sup>2</sup> The board of review presented four comparables but reported sales data only for one comparable.

The appellant presented an appraisal and the board of review presented one comparable sale in support of their respective positions before the Board. The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the appraiser selected comparables that are similar to the subject in location and features and made reasonable adjustments to the comparables. The Board gave less weight to the board of review's comparable, which is located in a different city than the subject.

The subject's assessment reflects a market value of \$790,000 or \$326.99 per square foot of living area, including land, which is above the appraised value conclusion. The Board finds the subject property had a market value of \$660,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
