

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Principe
DOCKET NO.: 22-56582.001-R-1
PARCEL NO.: 18-31-403-033-0000

The parties of record before the Property Tax Appeal Board are John Principe, the appellant(s), by attorney Nicholas T. McIntyre, of Much Shelist, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,535
IMPR.: \$6,611
TOTAL: \$44,146

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 53,622 square foot parcel of land improved with a 56-year-old, one-story, frame, single-family dwelling containing 2,559 square feet of building area. The property is located in Willow Springs, Lyons Township and is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity for the land as the basis of the appeal. In support of this argument, the appellant submitted a brief asserting that the subject's land value is the highest in the neighborhood. The appellant submitted six comparables. The appellant describes these properties by parcel number, property type, land assessed value, square footage, and a price per square foot. The comparables are class 2-03, 2-41, or 1-00. These properties range in land sizes from 22,890 to 62,081 square feet and land assessed values from \$1,716 to \$15,463 or from \$.05 to \$.25 per square foot.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$44,146 with an improvement assessment of \$6,611 and a land assessment of \$37,535 or \$.70 per square foot.

In support of the current assessment, the board of review submitted three comparables. These comparables are described as one or one and one-half story, frame or masonry, single-family dwellings. These properties range in land sizes from 52,794 to 59,446 square feet and in land assessed values from \$38,276 to \$43,098 or from \$.72 to \$.73 per square foot.

This matter went to hearing on December 4, 2025. At hearing, the appellant's attorney argued that the appellant's comparables are class 2 properties with one class 1 property. The appellant requests a reduction to the top of the range of these comparables. The board of review's representative rested on the evidence previously submitted.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 through #4 and #6 and the board of review's comparables #1 and #3. These comparables are all class 2 properties located in the subject's neighborhood code. They had land assessments ranging from \$.07 to \$.73 per square foot of building area. In comparison the subject's land assessment of \$.70 per square foot is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
