

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Oberhouse
DOCKET NO.: 22-56805.001-R-1
PARCEL NO.: 04-34-213-002-0000

The parties of record before the Property Tax Appeal Board are Nick Oberhouse, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,866
IMPR.: \$42,334
TOTAL: \$58,200

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,595 square feet of living area. The dwelling is 65 years old. Features of the home include a partial basement with finished area and a two-car garage. The property has a 9,916 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on February 17, 2022 for a price of \$582,000. The appellant reported that the seller was the LaSalle National Trust as trustee, the parties to the transaction were not related, and the property sold through a realtor. The appellant also indicated the property was advertised for sale with the Multiple Listing

Service for a period of approximately six months. The appellant also submitted a copy of the settlement statement confirming the sale date and price and listing commissions to Compass Illinois and @Properties. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$72,249. The subject's assessment reflects a market value of \$722,490 or \$452.97 per square foot of living area, land included, when using the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the subject's assessment neighborhood, two of which are within .25 of a mile of the subject.¹ The comparables consist of multi-level dwellings of frame and masonry exterior construction ranging in size from 1,432 to 1,831 square feet of living area. The dwellings are 53 to 65 years old. Each dwelling has central air conditioning, a partial basement with finished area, and a one-car or two-car garage. One comparable has a fireplace. The parcels range in size from 9,842 to 12,936 square feet of land area. The comparables sold from June 2021 to February 2022 for prices ranging from \$965,000 to \$1,600,000 or from \$527.03 to \$1,117.32 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in February 2022 for a price of \$582,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the Multiple Listing Service, and it had been on the market for approximately six months. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. The Board gives less weight to the comparables presented by the board of review, each of which features central air conditioning unlike the subject. Based on this record the Board finds a reduction in the subject's assessment is justified.

¹ Comparable #4 is the same property as comparable #2.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
