

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nikolaos Karavitis
DOCKET NO.: 22-57090.001-R-1
PARCEL NO.: 04-09-100-042-0000

The parties of record before the Property Tax Appeal Board are Nikolaos Karavitis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,848
IMPR.: \$42,151
TOTAL: \$71,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,809 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 19,899 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from 0.2 of a mile to 1.1 miles from the subject. The parcels range in size from 8,750 to 19,714 square feet of land area and are improved with 1-story, class 2-04 homes of frame, masonry, or frame and masonry exterior construction ranging in size from 1,863 to 3,808 square feet of living area. The dwellings range

in age from 43 to 57 years old. Each home has a basement, central air conditioning, and a 2-car garage. Three homes have a fireplace. The comparables sold from August 2021 to August 2022 for prices ranging from \$575,000 to \$747,500 or from \$196.30 to \$308.64 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,999. The subject's assessment reflects a market value of \$719,990 or \$398.00 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. In support of its contention of the correct assessment the board of review submitted information on one comparable sale located on the same block as the subject. This property has a 20,327 square foot site that is improved with a 1-story, class 2-04 home of frame and masonry exterior construction with 2,272 square feet of living area. The home is approximately 68 years old and features a basement with finished area, central air conditioning, and a 2-car garage. This comparable sold in July 2022 for a price of \$1,700,000 or \$748.24 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of five comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #2, which is a significantly larger home than the subject, and the appellant's comparable #4, which is located more than one mile from the subject. The Board also gives less weight to the board of review's comparable, which sold for considerably more than the other sales in this record, indicating this sale may be an outlier.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3, which sold proximate in time to the assessment date and are more similar to the subject in dwelling size, age, location, and features, although these comparables have much smaller sites than the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables sold for prices of \$575,000 and \$645,000 or \$308.64 and \$286.92 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$719,990 or \$398.00 per square foot of living area, including land, which is above the two best comparable sales in this record. However, after considering appropriate adjustments to the best comparables for differences from the subject, such as site size, the Board finds the subject's assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
