

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph & Josephine Kariotis
DOCKET NO.: 22-57285.001-R-1
PARCEL NO.: 04-36-311-047-0000

The parties of record before the Property Tax Appeal Board are Joseph & Josephine Kariotis, the appellants, by attorney David R. Bass, of Field and Goldberg, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,013
IMPR.: \$115,589
TOTAL: \$133,602

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,937 square feet of living area. The dwelling is 13 years old. Features of the home include a full basement with finished area, central air conditioning, four fireplaces, six full and one half bathrooms, and a 3-car garage. The property has an 11,258 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on five equity comparables located within the subject's assessment neighborhood and within .5 of a mile of the subject. The comparables consist of 2-story class 2-08 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 3,851 to 4,110 square feet of living area.

The homes range in age from 5 to 58 years old. Each dwelling has central air conditioning, one to three fireplaces, a full basement with four having finished area, and a 2-car, 3-car, or 3.5-car garage. Each comparable has two to five full bathrooms. The comparables have improvement assessments ranging from \$86,934 to \$113,492 or from \$22.33 to \$27.62 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of \$102,756 or \$26.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$133,602. The subject property has an improvement assessment of \$115,589 or \$29.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. Comparable #4 is the same property as appellant comparable #2. The comparables consist of 2-story class 2-08 dwellings of frame or masonry exterior construction ranging in size from 3,837 to 4950 square feet of living area. The homes range from 2 to 22 years old. Each dwelling has two or three fireplaces, a full basement with three having finished area, and a 2-car, 2.5-car, or 3-car garage. Three comparables have central air conditioning. Each comparable has three to five full bathrooms. The comparables have improvement assessments ranging from \$90,971 to \$170,160 or from \$22.46 to \$34.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to the appellants' comparable #3, which differs from the subject in age and lacks finished basement area, a feature of the subject. The Board also gives less weight to board of review comparable #1, which differs from the subject in age and dwelling size, and board of review comparables #2 and #3, which lack central air conditioning or finished basement area, features of the subject.

The Board finds the best evidence of assessment equity to be the appellants' comparables #1, #2, #4, and #5, including the common comparable, which are similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments that range from \$86,934 to \$113,492 or from \$22.33 to 27.62 per square foot of living area. The subject's

improvement assessment of \$115,589 or \$29.36 per square foot of living area is above the range established by the best comparables in this record. The Board finds the subject's higher assessment logical given the subject's greater bathroom and fireplace count relative to each of the comparables in the record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
