

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gus & Danny Tzoumas
DOCKET NO.: 22-58394.001-R-1
PARCEL NO.: 16-31-410-086-0000

The parties of record before the Property Tax Appeal Board are Gus & Danny Tzoumas, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,031
IMPR.: \$17,718
TOTAL: \$22,749

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story, multi-family dwelling of masonry construction with 3,427 square feet of living area. The dwelling is 63 years old. Features include a full, finished basement, three full bathrooms, and a two-car garage. The property has a 4,680 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants assert assessment inequity as the basis of the appeal. In support of this argument, the appellants submitted information about four suggested equity comparables. The appellants stated that the subject had a total assessment of \$23,954, and an improvement assessment of \$18,923, or \$5.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" which stated that the total assessment for the subject was \$42,000, and the subject property had an improvement assessment of \$36,267 or \$10.58 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information about four suggested equity comparables.

Conclusion of Law

The taxpayers assert assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of assessment equity is appellant's suggested comparables one, two, and three. Like the subject property, each of these comparables has a two-story, multi-family dwelling of masonry construction with a full finished basement, a two-car garage, and three full bathrooms. The dwellings on these comparables are similar in living area size to the subject dwelling. They are all within a fifth of a mile of the subject.

These comparables have improvement assessments that range from \$4.89 to \$5.17 per square foot of living area. The subject's improvement assessment is above the range established by the best comparables in this record regardless of whether it is \$10.58 per square foot of living area, as the board of review asserts or \$5.52 per square foot of living area, as the appellants assert. The Board therefore finds that the appellants demonstrated with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is therefore warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
