

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: National Service
DOCKET NO.: 22-59076.001-R-1
PARCEL NO.: 13-29-108-027-0000

The parties of record before the Property Tax Appeal Board are National Service, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,168
IMPR.: \$32,625
TOTAL: \$43,793

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 3,072 square feet of gross building area. The building is approximately 57 years old. Features include a basement with finished area and 6 bathrooms. The property has a 4,467 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with class 2-11, 2-story multi-family buildings of frame or masonry exterior construction ranging in size from 2,851 to 3,324 square feet of gross building area. The

buildings are from 73 to 108 years old. Each comparable has a basement with finished area, from 2 to 4 bathrooms, and either a 1-car, 2-car or 2.5-car garage. The comparables have improvement assessments ranging from \$11,507 to \$20,700 or from \$4.04 to \$6.60 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,793. The subject property has an improvement assessment of \$32,625 or \$10.62 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and approximately ¼ of a mile from the subject. The comparables are improved with class 2-11, 2-story or 3-story multi-family buildings of masonry exterior construction ranging in size from 2,688 to 3,845 square feet of gross building area. The buildings are from 64 to 70 years old. Two comparables each have a slab foundation, and two comparables each have a basement with finished area. The comparables have either 3, 3½ or 6 bathrooms, and three comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$27,145 to \$35,680 or from \$8.72 to \$10.10 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration with varying degrees of similarity to the subject in design, age, building size, foundation type and other features. Nonetheless, the Board gives less weight to the appellant's comparables and the board of review's comparables #1 and #3 which are less similar to the subject in age and/or foundation type than the other comparables in the record.

The Board gives greater weight to the board of review's comparables #2 and #4 which are overall most similar in location, design, age, and foundation type. However, adjustments are needed to these comparables for differences from the subject in building size, bathroom count, and/or garage amenity. These two comparables have improvement assessments of \$32,130 and \$33,528 or \$8.72 and \$9.51 per square foot of gross building area. The subject's improvement assessment of \$32,625 or \$10.62 per square foot of gross building area is bracketed by the two best comparables in this record on an overall basis and falls above the two best comparables on a per square foot basis. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
