

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vazgen Gasparyan
DOCKET NO.: 22-59375.001-R-1
PARCEL NO.: 16-03-217-020-0000

The parties of record before the Property Tax Appeal Board are Vazgen Gasparyan, the appellant(s), by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,838
IMPR.: \$24,799
TOTAL: \$29,637

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 92-year-old two-story dwelling of frame construction with 2,594 square feet of living area. Features of the home include a full basement, and a one-car garage. The property has a 4,032 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. The appellant did not state the distance of the comparables to the subject and stated that none of the comparables are located in the same general neighborhood as the subject. The comparables are 47- to 48-year-old class 2-11 residences with frame or frame and masonry construction. The comparables have

6,210 square feet of living area and have improvement assessments between \$7.20 and \$7.96 per square foot of living area. The appellant is requesting a total assessment of \$13,735.

The county board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,637. The subject property has an improvement assessment of \$24,799 or \$9.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. The board of review indicated that comparable #1 is located in the same "subarea" as the subject but did not state the distance of comparable #2 and #3 to the subject. The board of review stated that only comparable #2 is located in the same general neighborhood as the subject. The comparables are 98- to 108-year-old two- or three-story residences with masonry construction. The comparables have between 1,584 and 3,108 square feet of living area and have improvement assessments between \$10.73 and \$16.90 per square foot. The board of review is requesting that the current assessment be confirmed.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not fewer than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be board of review's comparables #1, #2, and #3. As for comparables that are not best evidence, each of the appellant's comparables is significantly larger than the subject. The best comparables had improvement assessments that ranged from \$10.73 to \$16.90 per square foot of living area. The subject's improvement assessment of \$9.56 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
