

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pedro & Pam Cevallos
DOCKET NO.: 22-59416.001-R-1
PARCEL NO.: 04-09-104-065-0000

The parties of record before the Property Tax Appeal Board are Pedro & Pam Cevallos, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,225
IMPR.: \$40,928
TOTAL: \$59,153

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level single-family dwelling of masonry construction with 1,530 square feet of living area. The dwelling was constructed in 1962. Features of the home include a basement, a fireplace, and a two-car garage. The property has a 12,150 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant argues assessment inequity and contention of law as the basis of the appeal. In support of the argument of assessment inequity the appellant submitted information on eight class 2-34 equity comparable properties with varying degrees of similarities to the subject which are located within a 0.46-mile radius of the subject. The improvements were constructed from

1959 to 1966, had from 1,542 to 1,680 square feet of living area, and had improvement assessments from \$21.18 to \$25.11 per square foot of living area.

In support of the contention of law argument the appellant submitted a brief of general statements concerning points to consider as to their appeal and points which the appellant claims detract from those comparables offered by the board of review. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,153. The subject property has an improvement assessment of \$40,928 or \$26.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three class 2-34 equity comparable properties which are located within a ¼-mile radius of the subject. The improvements from 60 to 63 years old, had 1,530 square feet of living area, and had improvement assessments from \$27.55 to \$29.41 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

The appellant submitted written rebuttal to the evidence in the record by the board of review. The appellant reiterates their assertion that their comparables are the best evidence in the record and the majority of all of the comparables in the record support their argument for a reduction in the assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #5, and #6 and board of review's comparable #3. These comparables were similar to the subject in design, proximity, age, size, no central air conditioning, and garage space. These comparables had improvement assessments that ranged from \$21.18 to \$29.41 per square foot of living area. The subject's improvement assessment of \$26.75 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
