

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Peiser
DOCKET NO.: 23-00146.001-R-1
PARCEL NO.: 16-28-313-023

The parties of record before the Property Tax Appeal Board are Brian Peiser, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$74,566
IMPR.: \$335,288
TOTAL: \$409,854

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,563 square feet of living area. The dwelling was constructed in 2016 and is approximately 7 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 958 square foot garage. The property has an approximately 16,875 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located in the same neighborhood code and within 0.51 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,170 to 3,692 square feet of living area. The homes were built from 2012 to 2018. Six of the comparables have a basement. Each dwelling has central air

conditioning, one fireplace and a garage ranging in size from 462 to 1,080 square feet of building area. The comparables have improvement assessments ranging from \$280,274 to \$322,228 or from \$85.01 to \$88.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$309,649 or \$86.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$409,854. The subject has an improvement assessment of \$335,288 or \$94.10 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and within 0.51 of a mile from the subject property. The comparables are improved with 2-story dwellings of vinyl or wood siding exterior construction ranging in size from 3,280 to 3,488 square feet of living area. The homes range in age from 1 year old to 7 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace and a garage ranging in size from 676 to 721 square feet of building area. The comparables have improvement assessments that range from \$318,898 to \$334,799 or from \$95.14 to \$99.82 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to appellant comparables which lack a finished basement amenity, a feature of the subject. The Board gives less weight to board of review comparable #2 which is less similar to the subject in age than other properties in the record.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #4 which are more similar to the subject in location, age, design, dwelling size and finished basement. However, each of these properties has a slightly smaller dwelling size and smaller garage capacity when compared to the subject, suggesting upward adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments ranging from \$318,898 to \$331,842 or from \$95.14 to \$97.23 per square foot of living area. The subject's improvement assessment of \$335,288 or \$94.10 per square foot of living area falls above the range established by the best comparables in this record on an overall improvement basis and below the range on a per square foot basis. Given the subject's larger dwelling and garage size relative to the best comparables a higher overall assessment and lower per square foot improvement assessment appears to be logical. Therefore,

after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
