

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neal Deacon
DOCKET NO.: 23-00199.001-R-1
PARCEL NO.: 14-33-303-008

The parties of record before the Property Tax Appeal Board are Neal Deacon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,751
IMPR.: \$222,624
TOTAL: \$269,375

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 4,078 square feet of living area. The dwelling was constructed in 1990 and is approximately 33 years old. Features of the home include a basement, central air conditioning, three fireplaces and a 1,086 square foot garage. The property has an approximately 45,213 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 3,687 to 4,400 square feet of living area. The homes are either 31 or 33 years old. Each comparable has a basement, central air conditioning, one fireplace and a garage ranging in size

from 651 to 1,066 square feet of building area. The comparables have improvement assessments that range from \$187,623 to \$225,663 or from \$50.89 to \$51.93 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$209,130 or \$51.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$269,375. The subject has an improvement assessment of \$222,624 or \$54.59 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and where comparable #2 is located greater than one mile from the subject property. The comparables are improved with 2-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,603 to 4,166 square feet of living area. The homes were built from 1985 to 2015 and are from 8 to 38 years old. Each comparable has a basement, central air conditioning, one to three fireplaces and a garage ranging in size from 854 to 1,261 square feet of building area. The comparables have improvement assessments ranging from \$200,745 to \$229,791 or from \$54.72 to \$55.89 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1 and #2 which are less similar to the subject in age.

The Board finds the best evidence of assessment equity to be the appellant comparables along with board of review comparables #3 and #4 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments ranging from \$187,623 to \$229,791 or from \$50.89 to \$55.72 per square foot of living area. The subject's improvement assessment of \$222,624 or \$54.59 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
