

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Dolinar
DOCKET NO.: 23-00203.001-R-1
PARCEL NO.: 02-32-107-040

The parties of record before the Property Tax Appeal Board are Edward Dolinar, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,991
IMPR.: \$44,281
TOTAL: \$80,272

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 918 square feet of living area. The dwelling is 93 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 484 square foot garage. The property has a 22,295 square foot site and is located in Lake Villa, Lake Villa Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .72 of a mile from the subject. The comparables are improved with 1-story dwellings of wood siding or brick exterior construction ranging in size from 895 to 1,512 square feet of living area. The dwellings range in age from 67 to 101 years old and have basements, one of which has finished area. Two comparables have central air conditioning.

Three comparables each have a fireplace. Two comparables each have a garage with either 418 or 440 square feet of building area. The comparables have improvement assessments ranging from \$36,218 to \$65,840 or from \$34.68 to \$43.55 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,272. The subject property has an improvement assessment of \$44,281 or \$48.24 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located from .48 of a mile to 3.16 miles from the subject. The comparables are improved with 1-story dwellings of wood siding exterior construction ranging in size from 944 to 999 square feet of living area. The dwellings range in age from 74 to 98 years old and have basements, one of which has finished area. Each comparable has central air conditioning and a fireplace. Two comparables each have a garage with either 440 or 460 square feet of building area. The comparables have improvement assessments ranging from \$46,979 to \$49,175 or from \$48.39 to \$52.09 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 due to their significantly larger dwelling sizes when compared to the subject. The Board gives less weight to board of review comparables #2 and #3 which are located over 2.4 miles from the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparable #1 which overall are most similar to the subject in location, age, and dwelling size. However, appellant comparable #3 has a smaller basement and lacks a fireplace and a garage while board of review comparable #1 lacks a basement, suggesting upward adjustments are necessary to make them more equivalent to the subject. These comparables had improvement assessments of \$36,218 and \$48,343 or \$40.47 and \$48.39 per square foot of living area. The subject's improvement assessment of \$44,281 or \$48.24 per square foot of living area is bracketed by the two best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
