

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mehnet Huseyin Gulpinar
DOCKET NO.: 23-00228.001-R-1
PARCEL NO.: 16-15-109-018

The parties of record before the Property Tax Appeal Board are Mehnet Huseyin Gulpinar, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$63,629
IMPR.: \$239,439
TOTAL: \$303,068

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,262 square feet of living area. The dwelling was constructed in 1989 and is 34 years old. Features of the home include a basement with 1,960 square feet of finished area, central air conditioning, a fireplace and a 714 square foot garage. The property has a 23,860 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within .46 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 4,100 to 4,824 square feet of living area. The dwellings were built from 1982¹ to 1990 and have basements with finished area.

¹ The Board finds the age reported by the appellant for comparable #3 appears to be a typo.

Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 440 to 726 square feet of building area. Comparable #5 has an inground swimming pool. The comparables have improvement assessments ranging from \$227,913 to \$270,206 or from \$53.18 to \$56.21 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$310,562. The subject property has an improvement assessment of \$246,933 or \$57.94 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .09 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 4,102 to 4,289 square feet of living area. The dwellings are 34 or 35 years old and have basements, three of which have finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 693 to 850 square feet of building area. The comparables have improvement assessments ranging from \$235,289 to \$240,968 or from \$56.18 to \$57.67 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #3 due to its significantly larger dwelling size when compared to the subject. The Board gives less weight to appellant's comparable #5 which has an inground swimming pool unlike the subject. The Board gives less weight to board of review comparable #1 which has an unfinished basement area when compared to the subject's finished basement.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #4 along with board of review comparables #2, #3 and #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$227,913 to \$240,968 or from \$53.18 to \$57.36 per square foot of living area. The subject's improvement assessment of \$246,933 or \$57.94 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
