

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kim Gordon
DOCKET NO.: 23-00230.001-R-1
PARCEL NO.: 16-34-101-035

The parties of record before the Property Tax Appeal Board are Kim Gordon, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$81,544
IMPR.: \$200,384
TOTAL: \$281,928

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,804 square feet of living area. The dwelling was constructed in 1968 and has an effective year built of 1977. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 440 square foot garage.¹ The property has a 25,036 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .48 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding or brick exterior construction ranging in size from 3,880 to

¹ The subject's property record card submitted by the board of review disclosed the subject has 1,000 square feet of finished basement area which was not refuted by the appellant.

4,129 square feet of living area. The dwellings were built from 1964 to 1966 and have effective ages ranging from 1969 to 1982. Each comparable has an unfinished basement, central air conditioning, one or three fireplaces and a garage ranging in size from 464 to 676 square feet of building area. The comparables have improvement assessments ranging from \$191,782 to \$202,346 or from \$47.68 to \$50.05 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$281,928. The subject property has an improvement assessment of \$200,384 or \$52.68 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .43 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,724 to 4,088 square feet of living area. The dwellings were built from 1964 to 1968 and have basements with finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 462 to 648 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$189,391 to \$218,955 or from \$50.86 to \$54.06 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which lack finished basement area when compared to the subject. The Board gives less weight to board of review comparable #4 which has an inground swimming pool unlike the subject property.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3 which have finished basement area and are relatively similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$189,391 to \$218,955 or from \$50.86 to \$54.06 per square foot of living area. The subject's improvement assessment of \$200,384 or \$52.68 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
