

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Huczynski
DOCKET NO.: 23-00285.001-R-1
PARCEL NO.: 16-32-411-158

The parties of record before the Property Tax Appeal Board are Adam Huczynski, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,733
IMPR.: \$167,558
TOTAL: \$194,291

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,436 square feet of living area. The dwelling was constructed in 1989 and is approximately 34 years old. Features of the home include a basement, central air conditioning, a fireplace and a 441 square foot garage. The property has an approximately 3,256 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that were each built in 1989. Each dwelling has 2,436 square feet of living area, a basement, central air conditioning, a fireplace and a 441 square foot garage. The comparables have improvement assessments of

\$150,803 or \$61.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$150,812 or \$61.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$194,291. The subject property has an improvement assessment of \$167,558 or \$68.78 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that are each 34 years old. Each dwelling has 2,436 square feet of living area, a basement, central air conditioning, a fireplace and a 441 square foot garage. The comparables have improvement assessments of \$167,558 or \$68.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds all the comparables are similar to the subject in location and identical to the subject dwelling size, design, age and features. The comparables have improvements assessments of \$150,803 and \$167,558 or \$61.91 and \$68.78 per square foot of living area. The subject's improvement assessment of \$167,558 or \$68.78 per square foot of living area is identical to four of the eight comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
