

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Almeida
DOCKET NO.: 23-00301.001-R-1
PARCEL NO.: 12-28-402-018

The parties of record before the Property Tax Appeal Board are Jose Almeida, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$504,944
IMPR.: \$882,493
TOTAL: \$1,387,437

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of stucco exterior construction with 7,052 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a basement with finished area, central air conditioning, seven fireplaces and a 910 square foot garage. The property also has an inground swimming pool and a hot tub. The property has an approximately 97,139 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from approximately .24 of a mile to 1.29 miles from the subject property. The comparables are improved with 2-story dwellings of brick or stone exterior construction ranging in size from

5,751 to 7,818 square feet of living area. The dwellings are 14 or 17 years old. Each comparable has a basement with finished area, central air conditioning and four to nine fireplaces. Three comparables each have a garage ranging in size from 816 to 1,628 square feet of building area. Two comparables each have an inground swimming pool. The comparables have improvement assessments that range from \$526,969 to \$880,923 or from \$91.23 to \$112.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$782,494 or \$110.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$1,387,437. The subject property has an improvement assessment of \$882,493 or \$125.14 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .83 of a mile from the subject property. The comparables are improved with 1.75-story or 2-story dwellings of brick exterior construction ranging in size from 6,064 to 7,650 square feet of living area. The dwellings are 16 or 17 years old. Each comparable has a basement with finished area, central air conditioning, three to six fireplaces and a garage ranging in size from 759 to 1,010 square feet of building area. Comparable #2 has an inground swimming pool. The comparables have improvement assessments ranging from \$815,586 to \$1,017,836 or from \$125.32 to \$134.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #4, as well as board of review comparable #1 due to differences from the subject in dwelling size and/or they are located more than one mile away from the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, along with board of review comparables #2 and #3, which are similar to the subject in location, dwelling size and age. However, the Board finds all four comparables have a fewer number of fireplaces and lack a hot tub, two of the four comparables lack an inground swimming pool and one comparable lacks a garage, all features of the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvements assessments ranging from \$665,167 to \$1,017,836 or from \$91.23 to \$133.05 per square foot of living area. The subject's improvement

assessment of \$882,493 or \$125.14 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
