

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Andjelkovich
DOCKET NO.: 23-00306.001-R-1
PARCEL NO.: 15-14-205-017

The parties of record before the Property Tax Appeal Board are Patricia Andjelkovich, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$89,577
IMPR.: \$239,868
TOTAL: \$329,445

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,442 square feet of living area. The dwelling was constructed in 1991 and is approximately 32 years old. Features of the home include a basement, central air conditioning, a fireplace and a 713 square foot garage. The property has an approximately 45,711 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 4,304 to 4,757 square feet of living area. The dwellings are 29 to 37 years old. The comparables each have a basement, two of which are walk-outs with finished area. Each

comparable has central air conditioning, one or three fireplaces and a garage ranging in size from 713 to 935 square feet of building area. Comparable #2 has a gazebo. The comparables have improvement assessments ranging from \$186,609 to \$242,102 or from \$43.36 to \$52.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$211,394 or \$47.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$336,823. The subject property has an improvement assessment of \$247,246 or \$55.66 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame, brick or brick and frame exterior construction ranging in size from 4,310 to 4,546 square feet of living area. The dwellings were built from 1979 to 2015. The comparables each have a basement, four of which have finished area. Each comparable has central air conditioning and a garage ranging in size from 759 to 972 square feet of building area. Four comparables each have one to three fireplaces. The comparables have improvement assessments ranging from \$232,610 to \$267,162 or from \$53.23 to \$61.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as board of review comparables #1, #3, #4 and #5 due to differences from the subject in basement finish and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4, along with board of review comparable #2 which are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments ranging from \$193,963 to \$242,102 or from \$43.44 to \$54.11 per square foot of living area. The subject's improvement assessment of \$247,246 or \$55.66 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
