

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Greenberg  
DOCKET NO.: 23-00430.001-R-1  
PARCEL NO.: 16-36-120-028

The parties of record before the Property Tax Appeal Board are Jeffrey Greenberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$93,497  
**IMPR.:** \$195,757  
**TOTAL:** \$289,254

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 3,233 square feet of living area. The dwelling is 45 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 562 square feet of building area. The property has a 24,690 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .38 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or stucco exterior construction ranging in size from 3,149 to 3,658 square feet of living area. The homes are 39 to 87 years old. Each dwelling has central air conditioning, a fireplace, and a garage ranging in size from 440 to 552 square feet of building area. Three

comparables each have a basement, two of which have finished area, and one comparable has a crawl-space foundation. The parcels range in size from 11,210 to 17,128 square feet of land area. The comparables sold from November 2021 to February 2023 for prices ranging from \$650,000 to \$830,000 or from \$181.56 to \$250.45 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$229,763, for an estimated market value of \$689,358 or \$213.23 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$289,254. The subject's assessment reflects a market value of \$867,849 or \$268.43 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .53 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 3,008 to 3,448 square feet of living area. The dwellings are 46 to 57 years old. Each dwelling has central air conditioning, a fireplace, a basement with three having finished area, and a garage ranging in size from 483 to 528 square feet of building area. The parcels range in size from 9,033 to 16,143 square feet of land area. The comparables sold from December 2021 to February 2023 for prices ranging from \$825,000 to \$1,160,000 or from \$274.27 to \$336.43 per square foot of living area, including land.

The board of review also submitted a grid of the appellant's comparables, noting the subject's larger site, the larger dwellings of comparables #1 and #2, and the older sale of comparable #2.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1, #2, and #3, as well as board of review comparable #1, which differ from the subject in age, basement finish, foundation, and/or sold less proximate to the January 1, 2023 assessment date at issue in this appeal.

---

<sup>1</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2023.

The Board finds the best evidence of market value to be appellant's comparable sale #4 and board of review comparable sales #2, #3, and #4, which sold proximate to the assessment date at issue and are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from \$830,000 to \$1,160,000 or from \$250.45 to \$336.43 per square foot of living area, including land. The subject's assessment reflects a market value of \$867,849 or \$268.43 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
