

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Owen Youngman  
DOCKET NO.: 23-00516.001-R-1  
PARCEL NO.: 16-32-316-020

The parties of record before the Property Tax Appeal Board are Owen Youngman, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$55,897  
**IMPR.:** \$156,032  
**TOTAL:** \$211,929

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,944 square feet of living area. The dwelling was constructed in 1987 and is approximately 36 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a garage containing 484 square feet of building area. The property has an approximately 11,000 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within .23 of a mile from the subject property. The comparables are improved with 2-story dwellings of either brick or wood siding exterior construction ranging in size from 2,928 to 3,554 square feet of living area that that were built from 1978 to 1993. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 440 to 704 square feet of building area. The comparables have improvement assessments ranging from \$145,663 to \$172,033

or from \$48.41 to \$52.89 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$147,207 or \$50.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$222,112. The subject property has an improvement assessment of \$166,215 or \$56.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables that are in the same assessment neighborhood code as the subject and located within .83 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,434 to 3,317 square feet of living area that range in age from 36 to 67 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace and a garage containing either 483 or 484 square feet of building area. The comparables have improvement assessments ranging from \$142,506 to \$196,093 or from \$56.18 to \$59.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 as well as board of review comparables due to their substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and #5. The Board finds that these two comparables are most similar to the subject in location, design, age, dwelling size and features. These most similar comparables have improvement assessments of \$145,663 and \$164,700 or \$49.75 and \$52.89 per square foot of living area. The subject property has an improvement assessment of \$166,215 or \$56.46 per square foot of living area, which is greater than the two best comparables in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
