

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xiong Lin
DOCKET NO.: 23-00546.001-R-1
PARCEL NO.: 15-09-107-012

The parties of record before the Property Tax Appeal Board are Xiong Lin, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,227
IMPR.: \$204,659
TOTAL: \$244,886

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,412 square feet of living area. The dwelling was constructed in 2015. Features of the home include a basement, central air conditioning, a fireplace and a 768 square foot garage. The property has a 15,129 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,602 to 4,006 square feet of living area. The dwellings were built in 1990 or 1991. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 506 to 748 square feet of building area. The comparables have improvement assessments that range from \$154,904 to \$170,162 or from

\$42.46 to \$46.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$180,000 or \$52.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,886. The subject has an improvement assessment of \$204,659 or \$59.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction containing 3,602 or 3,871 square feet of living area, each built in 1991. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage with either 506 or 736 square feet of building area. The comparables have improvement assessments that range from \$199,290 to \$208,350 or from \$52.05 to \$55.33 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #4 and #5, as well as board of review comparables #1 and #2 due to their larger dwelling sizes, when compared to the subject.

The Board finds the appellant's comparables #1 and #3, along with board of review comparable #3 are similar to the subject in location, dwelling size, design and some features. However, the dwellings are 24 years older than the subject and have smaller garages, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Conversely, the dwellings have basement finish, unlike the subject, suggesting downward adjustments would be necessary. Nevertheless, the comparables have improvement assessments ranging from \$154,904 to \$199,290 or from \$43.00 to \$55.33 per square foot of living area. The subject's improvement assessment of \$204,659 or \$59.98 per square foot of living area falls above the range established by the best comparables in this record which appears to be logical given the subject's considerably newer dwelling age. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Therefore, based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
