

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Weathered  
DOCKET NO.: 23-00935.001-R-1  
PARCEL NO.: 14-32-401-003

The parties of record before the Property Tax Appeal Board are Thomas Weathered, the appellant, by attorney Kyle Gordon Kamego of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$49,371  
**IMPR.:** \$120,708  
**TOTAL:** \$170,079

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 2,162 square feet of living area. The dwelling was constructed in 1969. Features of the home include a basement, central air conditioning, two fireplaces and a 621 square foot garage. The property has an approximately 52,628 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of frame or brick exterior construction ranging in size from 2,023 to 2,336 square feet of living area. The dwellings were built from 1960 to 1978. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in

size from 440 to 1,080 square feet of building area. The comparables have improvement assessments that range from \$97,808 to \$121,077 or from \$44.89 to \$53.25 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$106,210 or \$49.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,079. The subject property has an improvement assessment of \$120,708 or \$55.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 2,263 to 2,456 square feet of living area. The dwellings were built in 1977 or 1978. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 552 to 768 square feet of building area. The comparables have improvement assessments ranging from \$127,680 to \$141,365 or from \$55.14 to \$57.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board finds all the comparables are relatively similar to the subject in location, dwelling size, design, age and some features. The comparables have improvements assessments ranging from \$97,808 to \$141,365 or from \$44.89 to \$57.56 per square foot of living area. The subject's improvement assessment of \$120,708 or \$55.83 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
