

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Warren Vandervoort
DOCKET NO.: 23-01064.001-R-1
PARCEL NO.: 14-06-301-062

The parties of record before the Property Tax Appeal Board are Warren Vandervoort, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,535
IMPR.: \$199,125
TOTAL: \$269,660

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,340 square feet of living area. The dwelling was constructed in 1996. Features of the home include a basement, central air conditioning, five fireplaces, and a 1,071 square foot garage. The property has a 44,570 square foot site and is located in North Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick or frame and brick exterior construction that range in size from 4,604 to 5,643 square feet of living area. The homes were constructed from 1989 to 1996. Each comparable has a basement, central air conditioning, two to six fireplaces, and a garage ranging in size from 748 to 1,166 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located within

0.10 of a mile from the subject property. The comparables have improvement assessments that range from \$193,762 to \$235,857 or from \$41.80 to \$43.46 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$185,122 or \$42.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$269,660. The subject property has an improvement assessment of \$199,125 or \$45.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick exterior construction that range in size from 4,202 to 4,883 square feet of living area. The homes were constructed from 1996 to 2005. Each comparable has a basement, central air conditioning, two or four fireplaces, and a garage ranging in size from 768 to 1,102 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located from 0.20 to 0.74 of a mile from the subject property. The comparables have improvement assessments that range from \$194,998 to \$224,779 or from \$45.90 to \$46.41 per square foot of living area. The board of review requested confirmation of the subject's total assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #1 and #2 due to differences from the subject with respect to dwelling size. The Board finds the best evidence of assessment equity to be the remaining comparables, which are improved with dwellings that are relatively similar to the subject in location, size, age, style, and features, although adjustments to these comparables to account for differences in some features, would be needed to make them more equivalent to the subject. These comparables are located from 0.07 to 0.74 of a mile from the subject, range in size from 4,202 to 4,883 square feet of living area and were constructed from 1989 to 2005. Their improvement assessments range from \$193,762 to \$224,779 or from \$42.09 to \$46.41 per square foot of living area. The subject's improvement assessment of \$199,125 or \$45.88 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering any appropriate adjustments, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
