

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ajay Gupta
DOCKET NO.: 23-01099.001-R-1
PARCEL NO.: 07-06-308-012

The parties of record before the Property Tax Appeal Board are Ajay Gupta, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,726
IMPR.: \$140,783
TOTAL: \$160,509

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Preliminary Matter

This appeal was filed on January 26, 2024 by counsel using the Board's Electronic Filing Portal (EFP) (86 Ill.Admin.Code Sec. 1910.33, effective January 27, 2023). Pursuant to Standing Order #2 issued by the Board on February 14, 2023, the appellant's comparables #10 through #12 set forth on additional pages, other than the electronic form Sec. V grid analysis, have been "give[n] . . . zero weight" in this decision and will not be discussed further herein [comparables #1 through #9 in the additional grid are duplicates of the Sec. V data]. (See also, 86 Ill.Admin.Code §1910.80)

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,108 square feet of living area. The dwelling was constructed in 2000 and is approximately 23 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace,

and a garage containing 620 square feet of building area. The property has a site with approximately 10,800 square feet of land area and is located in Lake Villa, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine suggested equity comparables located within .39 of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 3,615 to 4,108 square feet of living area. The dwellings range in age from 23 to 27 years old. Each comparable has an unfinished basement, central air conditioning, and a garage containing either 619 or 620 square feet of building area. Eight comparables each have one fireplace. The comparables have improvement assessments that range from \$114,632 to \$133,957 or from \$31.71 to \$32.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$131,477 or \$32.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,509. The subject property has an improvement assessment of \$140,783 or \$34.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located within .21 of a mile from the subject and within the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction containing 4,108 square feet of living area. The dwellings are either 22 or 23 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a garage containing 620 square feet of building area. The comparables have improvement assessments ranging from \$144,382 to \$145,585 or from \$35.15 to \$35.44 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their unfinished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board finds that these comparables are most similar to the subject in location and age along with being identical in finished basement feature, design, dwelling size and several features. These most similar and/or identical comparables have improvement assessments ranging from \$144,382 to

\$145,585 or from \$35.15 to \$35.44 per square foot of living area. The subject's improvement assessment of \$140,783 or \$34.27 per square foot of living area, falls below the range of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
