

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joe Williams
DOCKET NO.: 23-01202.001-R-1
PARCEL NO.: 13-36-103-014

The parties of record before the Property Tax Appeal Board are Joe Williams, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,809
IMPR.: \$171,867
TOTAL: \$201,676

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,086 square feet of living area. The dwelling was constructed in 1948 and has an effective age of 1972. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 754 square feet of building area.¹ The property has a 15,513 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .38 of a mile of the subject. The comparables consist of 2-story dwellings of frame or brick and frame exterior construction ranging in size from 2,511 to 2,880 square feet of living area. The homes were built

from 1975 to 1987, with the oldest home having an effective age of 1981. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 431 to 484 square feet of building area. The parcels range in size from 12,936 to 14,973 square feet of land area. The comparables sold from January to May 2021 for prices ranging from \$450,000 to \$550,000 or from \$179.21 to \$195.06 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$147,481, for an estimated market value of \$442,487 or \$143.39 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$201,676. The subject's assessment reflects a market value of \$605,089 or \$196.08 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .49 of a mile of the subject, four of which are in the subject's assessment neighborhood. The comparables consist of 1.5-story or 2-story dwellings of frame or brick and frame exterior construction ranging in size from 2,168 to 3,983 square feet of living area. The dwellings were built from 1930 to 1986, with four comparables having effective ages ranging from 1965 to 1977. Each dwelling has central air conditioning, a basement with four having finished area, and a garage ranging in size from 400 to 720 square feet of building area. Four comparables each have one or two fireplaces. The parcels range in size from 9,233 to 30,165 square feet of land area. The comparables sold from November 2020 to February 2023 for prices ranging from \$437,500 to \$705,000 or from \$177.00 to \$273.91 per square foot of living area, including land.

The board of review also submitted a memorandum noting the appellant's comparables each sold in 2021 and comparables #1 and #2 are located in a planned unit development.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2023.

similar to the subject due to differences in dwelling size. Nevertheless, the Board gives less weight to the appellant's comparables, as well as board of review comparable #1, which sold less proximate to the January 1, 2023 assessment date at issue in this appeal.

The Board finds the best evidence of market value to be the board of review comparable sales #2 through #5, which sold proximate to the assessment date at issue and are similar to the subject in age/effective age, location, and features, noting that adjustments would be required for dwelling size in order to make the comparables more equivalent to the subject. These most similar comparables sold from March 2022 to February 2023 for prices ranging from \$437,500 to \$705,000 or from \$177.00 to \$273.91 per square foot of living area, including land. The subject's assessment reflects a market value of \$605,089 or \$196.08 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
