

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Ferguson
DOCKET NO.: 23-01218.001-R-1
PARCEL NO.: 14-10-305-022

The parties of record before the Property Tax Appeal Board are Jeff Ferguson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,723
IMPR.: \$72,839
TOTAL: \$111,562

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story lakefront dwelling of frame exterior construction with 1,053 square feet of living area.¹ The dwelling was constructed in 1994. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 812 square feet of building area. The property has a 14,667 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .65 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of frame exterior construction ranging in size from 1,146 to 1,176 square feet of living

area. The homes were built from 1978 to 2007. Each dwelling has central air conditioning, a basement with one having finished area,² and a garage containing either 400 or 660 square feet of building area. The parcels range in size from 6,669 to 10,690 square feet of land area. The comparables sold from January 2021 to October 2022 for prices ranging from \$262,000 to \$290,000 or from \$223.55 to \$247.16 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$100,025, for an estimated market value of \$300,105 or \$285.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,562. The subject's assessment reflects a market value of \$334,719 or \$317.87 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.³

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from .31 of a mile to 1.83 miles from the subject, three of which are in the subject's assessment neighborhood. The comparables consist of one-story dwellings of frame exterior construction ranging in size from 806 to 1,196 square feet of living area. The dwellings were built from 1940 to 1986. Each dwelling has central air conditioning, three comparables each have a fireplace, two comparables each have an unfinished basement, and three comparables each have a garage ranging in size from 240 to 576 square feet of building area. Three comparables each have finished attics and one comparable has a boathouse. The parcels range in size from 5,422 to 8,000 square feet of land area. The comparables sold from May 2021 to December 2022 for prices ranging from \$280,000 to \$412,100 or from \$296.82 to \$455.36 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in age, location, dwelling size, and features. Nevertheless, the Board gives less weight to the appellant's comparables #2 and #3, as well as

² The appellant submitted a Multiple Listing Service sheet for comparable #2, which disclosed the home has a partially finished basement.

³ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2023.

board of review comparable #4, which sold less proximate to the January 1, 2023 assessment date at issue.

The Board finds the best evidence of market value to be appellant's comparable sale #1 and board of review comparable sales #1, #2, and #3, which sold proximate to the assessment date at issue and have varying degrees of similarity to the subject. These comparables sold from June to December 2022 for prices ranging from \$262,000 to \$355,000 or from \$223.55 to \$347.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$334,719 or \$317.87 per square foot of living area, including land, which is within the range established by the best comparable sales in this record, and appears well supported given the subject's larger lakefront site and larger garage in relation to the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
