

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marek Kaplinski  
DOCKET NO.: 23-01224.001-R-1  
PARCEL NO.: 14-11-304-010

The parties of record before the Property Tax Appeal Board are Marek Kaplinski, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$29,508  
**IMPR.:** \$154,469  
**TOTAL:** \$183,977

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,118 square feet of living area.<sup>1</sup> The dwelling was constructed in 1987 and has an effective age of 1996. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a garage containing 598 square feet of building area. The property has a 37,122 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .6 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story

dwelling of brick or frame exterior construction ranging in size from 1,893 to 2,408 square feet of living area. The homes were built from 1956 to 1973, with comparable #4 being built in 1968 and having an effective age of 1972. Each dwelling has a fireplace and a basement with two having finished area. Three comparables have central air conditioning and three comparables each have a garage ranging in size from 484 to 572 square feet of building area. Comparable #3 has a 336 square foot carport. The parcels range in size from 23,316 to 40,248 square feet of land area. The comparables sold from January 2021 to July 2022 for prices ranging from \$360,000 to \$580,000 or from \$178.71 to \$240.86 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$159,444, for an estimated market value of \$478,380 or \$153.43 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$183,977. The subject's assessment reflects a market value of \$551,986 or \$177.03 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>2</sup>

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .64 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or frame exterior construction ranging in size from 2,245 to 3,516 square feet of living area. The dwellings were built from 1971 to 2007. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and a garage ranging in size from 506 to 624 square feet of building area. The parcels range in size from 39,729 to 52,420 square feet of land area. The comparables sold from October 2022 to August 2023 for prices ranging from \$473,750 to \$685,000 or from \$194.82 to \$217.39 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables, which differ from the subject in design, dwelling size, age, and/or features. Additionally, comparables #3 and #4 sold less proximate to the January 1, 2023 assessment date at issue in this appeal.

---

<sup>2</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2023.

The Board finds the best evidence of market value to be the comparables submitted by the board of review. These comparables sold proximate to the assessment date at issue, are similar to the subject in design, and have varying degrees of similarity to the subject with regard to age/effective age, dwelling size, and features. These most similar comparables sold from October 2022 to August 2023 for prices ranging from \$473,750 to \$685,000 or from \$194.82 to \$217.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$551,986 or \$177.03 per square foot of living area, including land, which is within the range established by the best comparable sales in this record overall and below the range on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
