

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harikishan Chikoti  
DOCKET NO.: 23-01228.001-R-1  
PARCEL NO.: 14-15-305-014

The parties of record before the Property Tax Appeal Board are Harikishan Chikoti, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,883  
**IMPR.:** \$178,299  
**TOTAL:** \$221,182

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,344 square feet of living area. The dwelling was constructed in 2014. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 698 square feet of building area. The property has a 13,090 square foot site and is located in Hawthorn Woods, Elia Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .19 of a mile of the subject. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,843 to 3,799 square feet of living area. The homes were built from 2008 to 2019. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from 564 to 804 square feet of building area. Three comparables each have a fireplace. The

parcels range in size from 4,590 to 15,629 square feet of land area. The comparables sold from February to September 2021 for prices ranging from \$555,000 to \$710,000 or from \$186.57 to \$223.36 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$215,109, for an estimated market value of \$645,392 or \$193.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$221,182. The subject's assessment reflects a market value of \$663,612 or \$198.45 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .19 of a mile of the subject. Comparables #1 and #2 are the same properties as appellant comparables #4 and #5, respectively. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,816 to 3,309 square feet of living area. The dwellings were built from 2015 to 2021. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from 421 to 645 square feet of building area. Two comparables each have a fireplace. The parcels range in size from 3,264 to 14,597 square feet of land area. The comparables sold in May 2021 or March 2022 for prices ranging from \$599,900 to \$735,000 or from \$202.48 to \$261.01 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, with two comparables being common to the parties. The Board gives less weight to the appellant's comparables and board of review comparables #1 and #2, which includes the common comparables, as these comparables sold less proximate to the January 1, 2023 assessment date at issue and are thus less likely to be indicative of market value.

The Board finds the best evidence of market value to be board of review comparables #3, #4, and #5, which sold more proximate to the assessment date at issue and are relatively similar to the subject in age, location, dwelling size, and features. These most similar comparables sold in

<sup>1</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2023.

March 2022 for prices ranging from \$599,900 to \$735,000 or from \$211.68 to \$261.01 per square foot of living area, including land. The subject's assessment reflects a market value of \$663,612 or \$198.45 per square foot of living area, including land, which is within the range established by the best comparable sales in this record overall and below the range on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
