

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katarzyna Drozdzyński  
DOCKET NO.: 23-01238.001-R-1  
PARCEL NO.: 14-20-405-004

The parties of record before the Property Tax Appeal Board are Katarzyna Drozdzyński, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,999  
**IMPR.:** \$103,006  
**TOTAL:** \$129,005

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of brick exterior construction with 1,532 square feet of living area. The dwelling was constructed in 1976. Features of the home include a finished lower level, a basement, central air conditioning, a fireplace, and a garage containing 484 square feet of building area. The property has a 19,800 square foot site and is located in Lake Zurich, Elia Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from .31 of a mile to 1.19 miles from the subject, two of which are in the subject's assessment neighborhood. The comparables consist of split-level dwellings of brick or frame exterior construction ranging in size from 1,299 to 1,768 square feet of living area. The homes were built from 1960 to 1986. Each dwelling has central air conditioning, a fireplace, a basement, and a garage ranging in size

from 420 to 660 square feet of building area. Comparables #1 and #2 have finished lower levels. The parcels range in size from 8,408 to 9,216 square feet of land area. The comparables sold from February 2022 to September 2023 for prices ranging from \$355,000 to \$412,000 or from \$200.79 to \$309.54 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$119,995, for an estimated market value of \$360,021 or \$235.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,005. The subject's assessment reflects a market value of \$387,054 or \$252.65 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .77 of a mile of the subject and within the subject's assessment neighborhood. Comparable #3 is the same property as appellant comparable #2. The comparables consist of split-level dwellings of frame or brick exterior construction ranging in size from 1,299 to 1,494 square feet of living area. The dwellings were built from 1960 to 1978. Each dwelling has central air conditioning, a fireplace, and a garage ranging in size from 502 to 660 square feet of building area. Two comparables each have finished lower levels and two comparables each have a basement. The parcels range in size from 7,196 to 9,947 square feet of land area. The comparables sold in June 2022 or July 2023 for prices ranging from \$387,000 to \$400,000 or from \$264.39 to \$297.92 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable sales to support their respective positions before the Property Tax Appeal Board, with one common comparable. The Board gives less weight to the appellant's comparable #3, which differs from the subject in age and location. The Board also gives reduced weight to the shared comparable and board of review comparable #1, which lack either a lower level or a basement, features of the subject, and which differ from the subject in age.

<sup>1</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2023.

The Board finds the best evidence of market value to be appellant's comparable sale #1 and board of review comparable sale #2, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices of \$355,000 and \$400,000 or for \$200.79 and \$289.86 per square foot of living area, including land. The subject's assessment reflects a market value of \$387,054 or \$252.65 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
