

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandy Weber
DOCKET NO.: 23-01497.001-R-1
PARCEL NO.: 16-23-101-019

The parties of record before the Property Tax Appeal Board are Sandy Weber, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,983
IMPR.: \$94,557
TOTAL: \$147,540

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,640 square feet of living area. The dwelling was constructed in 1950 and is approximately 73 years old. Features of the home include a basement and a 216 square foot garage. The property has an approximately 10,698 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 0.52 of a mile to 1.01 miles from the subject. The parcels range in size from 6,604 to 8,655 square feet of land area and are improved with 2-story homes ranging in size from 1,646 to 1,834 square feet of living area. The dwellings are 60 or 69 years old. Each home has a basement and a garage ranging in size from 300 to 350 square feet of building area. Two homes have central air conditioning and

a fireplace. The comparables sold in February and June 2022 for prices ranging from \$370,500 to \$490,000 or from \$212.65 to \$297.69 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$147,540. The subject's assessment reflects a market value of \$442,664 or \$269.92 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.68 of a mile from the subject. The parcels range in size from 7,500 to 12,080 square feet of land area and are improved with 1.5-story or 2-story homes of wood siding, brick, or stone exterior construction ranging in size from 1,600 to 2,041 square feet of living area. The dwellings range in age from 82 to 125 years old. Each home has a basement, three of which have finished area, central air conditioning, and a fireplace. Three homes each have a garage ranging in size from 324 to 650 square feet of building area. The comparables sold from March 2021 to January 2023 for prices ranging from \$480,000 to \$594,000 or from \$267.03 to \$345.55 per square foot of living area, including land. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Adm. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Adm. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #2, and #4, due to substantial differences from the subject in age, dwelling size, and/or garage amenity. Moreover, the board of review's comparable #2 sold less proximate in time to the assessment date than the other sales in this record. The Board gives less weight to the appellant's comparables #1 and #2 which are located more distant from the subject than the other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparable #3 and the board of review's comparable #3, which sold more proximate in time to the assessment date and are more similar to the subject in dwelling size, age, location, site size, and some features, although these comparables have central air conditioning unlike the subject and one home has finished basement area unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These two most

¹ Section 1910.50(c)(1) of the Board's procedural rules provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Adm. Code § 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2023.

similar comparables sold for prices of \$490,000 and \$594,000 or \$297.69 and \$345.55 per square foot of living area, including land. The subject's assessment reflects a market value of \$442,664 or \$269.92 per square foot of living area, including land, which is below the two best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
