

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rick Roos  
DOCKET NO.: 23-01703.001-R-1  
PARCEL NO.: 11-29-208-011

The parties of record before the Property Tax Appeal Board are Rick Roos, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,444  
**IMPR.:** \$199,789  
**TOTAL:** \$253,233

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,084 square feet of living area. The dwelling was constructed in 2004 and is approximately 19 years old. Features of the home include a basement, central air conditioning, a fireplace and an 811 square foot garage. The property has a 10,125 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame or brick exterior construction ranging in size from 3,963 to 4,282 square feet of living area. The dwellings were built in 1998 or 2001. The comparables each have a basement, central air conditioning, one or two fireplaces and a garage

ranging in size from 540 to 717 square feet of building area. The comparables have improvement assessments ranging from \$189,344 to \$214,333 or from \$47.55 to \$50.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$195,133 or \$47.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$261,758. The subject property has an improvement assessment of \$208,314 or \$51.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,423 to 3,875 square feet of living area. The dwellings were built from 2001 to 2004. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 707 to 885 square feet of building area. The comparables have improvement assessments ranging from \$175,033 to \$196,088 or from \$50.60 to \$51.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains six suggested equity comparables for the Board's consideration. The Board has given less weight to board of review comparables #2 and #3 due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #1, which are similar to the subject in location, dwelling size, design, age and some features. These four comparables have improvement assessments ranging from \$189,344 to \$214,333 or from \$47.55 to \$50.60 per square foot of living area. The subject's improvement assessment of \$208,314 or \$51.01 per square foot of living area falls within the range established by the best comparables in the record in terms of total improvement assessment but above the range on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
