

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Rentsch  
DOCKET NO.: 23-01745.001-R-1  
PARCEL NO.: 14-05-105-019

The parties of record before the Property Tax Appeal Board are David Rentsch, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$45,575  
**IMPR.:** \$193,207  
**TOTAL:** \$238,782

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Preliminary Matter**

This appeal was filed on January 30, 2024 by counsel using the Board's Electronic Filing Portal (EFP) (86 Ill.Admin.Code Sec. 1910.33, effective January 27, 2023). Pursuant to Standing Order #2 issued by the Board on February 14, 2023, the appellant's three additional comparables set forth on additional pages, other than the electronic form Sec. V grid analysis, have been "give[n] . . . zero weight" in this decision and will not be discussed further herein. (See also, 86 Ill.Admin.Code §1910.80)

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 4,044 square feet of living area. The dwelling was constructed in 2000 and is approximately 23 years old. Features of the home include a basement, central air conditioning, a fireplace and a 936

square foot garage. The property has an approximately 60,736<sup>1</sup> square foot site and is located in Hawthorn Woods, Elia Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that have the same assessment neighborhood code as the subject and are located within .30 of a mile from the subject property. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction ranging in size from 3,465 to 4,399 square feet of living area. The dwellings were built from 1987 to 1993. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 682 to 1,147 square feet of building area. The comparables have improvement assessments that range from \$157,021 to \$194,876 or from \$42.64 to \$45.32 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$180,423 or \$44.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$238,782. The subject has an improvement assessment of \$193,207 or \$47.78 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables that have the same assessment neighborhood code as the subject and are located within .53 of a mile from the subject property. The comparables are improved with two-story dwellings of frame, brick or brick and frame exterior construction ranging in size from 3,274 to 4,088 square feet of living area. The dwellings were built from 1980 to 1996. The comparables each have a basement, one of which is a walk-out. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 660 to 1,185 square feet of building area. Four comparables each have an inground swimming pool. The comparables have improvement assessments that range from \$159,027 to \$200,215 or from \$47.90 to \$49.12 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eighteen equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3, #4, #5 and #9, as well as board of review

---

<sup>1</sup> The subject's site size is found in the property characteristic printout provided by the board of review, which was not refuted by the appellant.

comparables #1, #3, #4, #5, #6, #7 and #8 which are less similar to the subject in dwelling size and/or have an inground swimming pool, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #6, #7 and #8, along with board of review comparables #2 and #9, which are similar to the subject in location, dwelling size, design and some features. However, the Board finds these seven comparables are somewhat older in age, when compared to the subject dwelling, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these best comparables have improvement assessments ranging from \$167,584 to \$200,215 or from \$42.64 to \$49.12 per square foot of living area. The subject's improvement assessment of \$193,207 or \$47.78 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
