

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Esmeralda Kaiteris  
DOCKET NO.: 23-01792.001-R-1  
PARCEL NO.: 14-32-204-002

The parties of record before the Property Tax Appeal Board are Esmeralda Kaiteris, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,378  
**IMPR.:** \$157,137  
**TOTAL:** \$205,515

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Preliminary Matter**

This appeal was filed on January 30, 2024 by counsel using the Board's Electronic Filing Portal (EFP) (86 Ill.Admin.Code Sec. 1910.33, effective January 27, 2023). Pursuant to Standing Order #2 issued by the Board on February 14, 2023, the appellant's three additional comparables set forth on additional pages, other than the electronic form Sec. V grid analysis, have been "give[n] . . . zero weight" in this decision and will not be discussed further herein. (See also, 86 Ill.Admin.Code §1910.80)

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,799 square feet of living area. The dwelling was constructed in 1977 and has an effective age of

1982.<sup>1</sup> Features of the home include a walk-out basement, central air conditioning, a fireplace and two garages with 1,068 combined square feet of building area. The property has a 49,818 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine comparables that are located in the same neighborhood code as the subject and within .66 of a mile from the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,480 to 3,141 square feet of living area. The dwellings were built from 1984 to 1994 with comparable #4 having an effective age of 1989. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 529 to 1,334 square feet of building area. The comparables have improvement assessments ranging from \$131,153 to \$162,008 or from \$50.05 to \$53.87 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,515. The subject property has an improvement assessment of \$157,137 or \$56.14 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparables that are located in the same neighborhood code as the subject and within .62 of a mile from the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,680 to 2,924 square feet of living area. The dwellings were built from 1985 to 1987. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 704 to 794 square feet of building area. Comparable #2 has a shed. The comparables have improvement assessments ranging from \$150,594 to \$169,360 or from \$55.64 to \$57.92 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of fourteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 which are less similar to the subject in dwelling size than the other comparables in the record.

---

<sup>1</sup> Some of the subject's property characteristics were gleaned from the property information sheets provided by the board of review, which was not refuted by the appellant in rebuttal.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #5 through #9 as well as the board of review's comparables. These comparables are relatively similar to the subject in location, age, dwelling size and foundation type but require varying adjustments for differences in features to make them more equivalent to the subject. These eleven comparables have improvement assessments ranging from \$148,331 to \$169,360 or from \$50.74 to \$57.92 per square foot of living area. The subject's improvement assessment of \$157,137 or \$56.14 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
