

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Oltion Voshtina
DOCKET NO.: 23-01840.001-R-1
PARCEL NO.: 15-13-302-008

The parties of record before the Property Tax Appeal Board are Oltion Voshtina, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,746
IMPR.: \$170,100
TOTAL: \$241,846

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick and frame construction with 3,402 square feet of living area. The dwelling was constructed in 1978 and is approximately 45 years old. Features of the home include a basement that is partially finished, central air conditioning, one fireplace, 2½ bathrooms, and an attached garage with 487 square feet of building area. The property has a 20,616 square foot site located in Lincolnshire, Vernon Township, Lake County.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on nine assessment equity comparables improved with two-story dwellings of brick, frame, or brick and frame

exterior construction that range in size from 3,302 to 3,371 square feet of living area.¹ The homes range in age from 36 to 46 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace, 2½ to 4 bathrooms, and a garage ranging in size from 480 to 825 square feet of building area. These properties have the same assessment neighborhood code as the subject and are located from approximately .05 to .70 of a mile from the subject property. The improvement assessments range from \$119,823 to \$166,137 or from \$36.29 to \$49.94 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$159,129.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$241,846. The subject property has an improvement assessment of \$170,100 or \$50.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of frame, brick, or brick and frame exterior construction that range in size from 3,367 to 3,443 square feet of living area. The homes were built from 1978 to 1988. Each comparable has a basement with one having finished area, central air conditioning, one fireplace, 2½ or 3½ bathrooms, and a garage ranging in size from 506 to 932 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located from approximately .09 to .69 of a mile from the subject property. The improvement assessments range from \$180,374 to \$200,122 or from \$53.52 to \$58.12 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on fourteen comparables similar to the subject in location, dwelling age, style, and dwelling size to support their respective positions. The comparables have varying degrees of similarity to the subject in terms of features. These comparables have improvement assessments that range from \$119,823 to \$200,122 or from \$36.29 to \$58.12 per square foot of living area. The Board finds there is no explanation nor does the evidence clarify the reason for such a wide divergence in the improvement assessments of the comparables given their physical similarities. Nevertheless, the subject's improvement assessment of \$170,100 or \$50.00 per square foot of living area falls within the range established by the comparables in this record which supports the conclusion the subject dwelling is being equitably assessed. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence

¹ The appellant's submission included additional assessment equity comparables on a form not prescribed by the Property Tax Appeal Board and these additional comparables will not be further considered pursuant to Section 1910.80 of the Rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.80).

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
