

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arkady Fisher
DOCKET NO.: 23-01850.001-R-1
PARCEL NO.: 15-20-208-029

The parties of record before the Property Tax Appeal Board are Arkady Fisher, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,909
IMPR.: \$95,000
TOTAL: \$126,909

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story residential condominium unit of frame exterior construction containing 2,129 square feet of living area. The dwelling was constructed in 1989 and is approximately 34 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and an attached garage with 441 square feet of building area. The property is in Buffalo Grove, Vernon Township, Lake County.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on nine assessment equity comparables composed of two-story residential condominium units of frame construction

each with 2,413 square feet of living area.¹ The dwellings range in age from 32 to 36 years old. Each property has a basement with two having finished area, central air conditioning, one fireplace, 2½ or 3½ bathrooms, and a garage with 441 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located from approximately .09 to .40 of a mile from the subject. Their improvement assessments range from \$89,862 to \$99,275 or from \$37.24 to \$41.14 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$86,054.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,909. The subject property has an improvement assessment of \$95,000 or \$44.62 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four assessment equity comparables improved with two-story dwellings each with 2,129 square feet of living area that were built from 1989 to 1991. Each property has a basement with finished area, central air conditioning, one fireplace, 2½ or 3½ bathrooms, and garage with 441 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$98,624 to \$100,343 or from \$46.32 to \$47.13 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these dwellings are more similar to the subject dwelling in size than are the comparables submitted by the appellant. The board of comparables are superior to the subject in features as each has finished basement area, unlike the subject property, and two comparables have an additional bathroom, suggesting each comparable would require a downward adjustment to make the property more equivalent to the subject property. The board of comparables have improvement assessments that range from \$98,624 to \$100,343 or from \$46.32 to \$47.13 per square foot of living area. The subject's improvement assessment of \$95,000 or \$44.62 per square foot of living area falls below the range established by the best comparables in this record, which is appropriate given the comparables have superior features relative to the subject property. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The appellant's submission included additional equity comparables on a form not prescribed by the Property Tax Appeal Board and these additional comparables will not be further considered pursuant to Section 1910.80 of the Rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.80).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
