

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Miro Ziaja
DOCKET NO.: 23-01897.001-R-1
PARCEL NO.: 16-05-407-019

The parties of record before the Property Tax Appeal Board are Miro Ziaja, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$89,811
IMPR.: \$195,535
TOTAL: \$285,346

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,079 square feet of living area. The dwelling was built in 1983 and is approximately 40 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a garage with 550 square feet of building area. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that are located in the subject's assessment neighborhood and within 0.26 of a mile from the subject. The comparables are improved with 2-story dwellings ranging in size from 3,179 to 3,508 square feet of living area. The homes are from 36 to 45 years old. The appellant reports four homes each have an unfinished basement. Each dwelling has central air

conditioning, one fireplace, and a garage that ranges in size from 506 to 704 square feet of building area. The comparables have improvement assessments ranging from \$180,578 to \$205,565 or from \$52.46 to \$58.97 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$174,933 or \$56.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$285,346. The subject property has an improvement assessment of \$195,535 or \$63.51 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located in the subject's assessment neighborhood and within 0.26 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,070 to 4,195 square feet of living area. The homes are either 34 or 38 years old. The homes each have a basement with finished area, central air conditioning, either one or two fireplaces, and a garage that ranges in size from 594 to 726 square feet of building area. The comparables have improvement assessments ranging from \$196,522 to \$265,678 or from \$63.33 to \$64.01 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of twelve suggested equity comparables to support their respective positions. The Board gives less weight to the appellant's comparables either lack basement finish, a feature of the subject, or lack a basement foundation, a feature of the subject, and/or differ from the subject in dwelling size. The Board also gives less weight to board of review comparable #3 which is a significantly larger home than the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall more similar to the subject in location, design, age, dwelling size, basement finish, and features. These two comparables have improvement assessments of \$196,522 and \$201,611 or \$64.01 and \$63.76 per square foot of living area, respectively. The subject's improvement assessment of \$195,535 or \$63.51 per square foot of living area falls below the two best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
