

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harold Jenkins
DOCKET NO.: 23-01911.001-R-1
PARCEL NO.: 16-07-201-032

The parties of record before the Property Tax Appeal Board are Harold Jenkins, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,846
IMPR.: \$252,679
TOTAL: \$280,525

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 2,946 square feet of living area. The dwelling was built in 1991 and is approximately 32 years old. Features of the home include a basement with finished area,¹ central air conditioning, two fireplaces on one stack, and a 462 square foot garage. The property has an approximately 5,625 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that are located within the same assessment neighborhood code as the subject property and within 0.16 of a mile from the subject. The comparables are improved with 1-story

¹ The board of review submitted a property record card that disclosed the subject has a full basement with 1,125 square feet of finished area, which was unrefuted by the appellant in rebuttal.

homes ranging in size from 2,853 to 3,206 square feet of living area. The dwellings are each 33 years old. The comparables are each reported to have a basement, six of which have finished area.² Each home has central air conditioning, one fireplace, and a garage with 462 square feet of building area. The comparables have improvement assessments ranging from \$235,495 to \$261,100 or from \$81.44 to \$85.77 per square foot of living area. Based upon this evidence, the appellant requested the subject property's improvement assessment be reduced to \$243,295 or \$82.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$280,525. The subject property has an improvement assessment of \$252,679 or \$85.77 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property and within 0.18 of a mile from the subject. The comparables are improved with 1-story homes of brick exterior construction with each having 2,946 square feet of living area. The dwellings are each 32 years old. The homes each have a basement with finished area, central air conditioning, two fireplaces, and a garage with 462 square feet of building area. The comparables have improvement assessments ranging from \$254,225 to \$259,915 or from \$86.29 to \$88.23 per square foot of living area. Based upon this evidence, the board of review requested confirmation of the subject property's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size than other comparables in this record and/or lack basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in location, design/class, age, dwelling size, and most features. These four comparables have improvement assessments ranging from \$254,225 to \$259,915 or from \$86.29 to \$88.23 per square foot of living area. The subject's improvement assessment of \$252,679 or \$85.77 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the

² The Board notes that comparables #4 and #8 are each reported to have 1,116 square feet of finished area, despite only having 843 square feet of reported basement area.

Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
